Manna Pro Products, LLC

Minimum Advertised Price (“MAP”) Policy

Manna Pro Products has unilaterally adopted this Minimum Advertised Price Policy for selected products to: (1) guard against “free riding” on marketing and service efforts across Manna Pro’s dealer and online retailer channels; (2) protect and promote Manna Pro’s brands; and (3) protect Manna Pro’s customer loyalty, premium image and reputation for quality products.

Manna Pro Products, LLC's (“Manna Pro”) is known for its quality care and nurturing of animals. Manna Pro believes that its position in the marketplace is dependent upon a direct and indirect distribution network of resellers, including distributors, dealers and online and physical retailers, that properly promote, explain, and service Manna Pro’s products.

Manna Pro’s customer loyalty and brand name value are maximized when Manna Pro’s high quality products are marketed, sold, and serviced by knowledgeable resellers with the resources to provide quality service. Manna’s Pro’s success is dependent in large part upon customer loyalty and high brand name value. Manna Pro believes that certain resellers who advertise products at discounted prices often fail to provide adequate service both before and after the sale. This results in a reduction of customer satisfaction and brand name value, impedes the ability of quality resellers to sell Manna Pro’s products, and harms Manna Pro’s ability to compete against its competitors. Such resellers may also “free ride” on the efforts of other Manna Pro resellers, who must advertise higher prices to support quality service and the promotion of Manna Pro’s products.

As part of its ongoing efforts to develop and protect its brand, better position its high quality products in the market, and help protect the investment of those resellers that are providing superior service to their customers, Manna Pro has established this Minimum Advertised Price Policy (“MAP Policy” or this “Policy”) for the “Covered Products” set forth in Exhibit A, effective immediately.

This Policy is applicable to all resellers of Manna Pro products. This Policy has been unilaterally adopted and will be enforced by Manna Pro strictly and uniformly as determined by Manna Pro. Please note that each reseller is free to set its actual sales price for any Covered Product. This MAP Policy does not prohibit resales below any manufacturer's suggested retail (“MSRP”) or below the applicable MAP (as defined herein). Rather, this MAP Policy only prohibits advertising below the applicable MAP.

1. Definitions

- a. **Covered Advertising** is any activity that pictures, names or otherwise describes a Covered Product, as further defined in Section 2 of this Policy.
- b. **Covered Product** means any product set forth on Exhibit A.

- c. *MAP* means the Minimum Advertised Price as shown on Exhibit A.

2. Covered Advertising

- a. The types of advertising covered by this Policy are:
- i. Print advertising;
 - ii. Broadcast advertising;
 - iii. Direct advertising such as catalogs, flyers, newsletters, direct mail pieces, and broadcast faxes;
 - iv. Email advertising including blast and broadcast emails as well as automatic emailed price lists; and
 - v. Internet advertising such as social media, banner pop-up, pop-under ads, destination pages, advertising on shopping engines or through a dealer's or online retailer's website, advertising on search engines, or advertising on third-party websites.
- b. The types of advertising not covered by this Policy are:
- i. In-store merchandising;
 - ii. Statements such as "Too low to advertise" or "Call for price;"
 - iii. A website shopping cart as long as the product was placed by a customer who clicked or selected "Order," "Add to Cart," or a comparable command;
 - iv. Direct mail, email, or websites that support employee or academic purchase programs, or other limited access programs such as "Friends & Family" or "Customer Loyalty," provided that the programs are restricted by a customer-unique identification such as a username/password and are not accessible to the general public; and
 - v. Prices negotiated between a reseller and a unique customer.

3. Advertising Requirements

a. **Violations:** Manna Pro has unilaterally determined that it will be a violation of this Policy for resellers to:

- i. Advertise any Covered Product at a net price that is less than the applicable MAP;
- ii. Advertise any Covered Product as a part of a bundle of products collectively offered for sale, unless the bundle is consistent with the “Bundling and Value-Added Offers” Convention set out below;
- iii. Advertise “free gifts,” “giveaways,” “tax rebates,” “tax rebate sales” or other similar wording which, when subtracting the give-away or rebate amount, would bring the advertised price below the applicable MAP;
- iv. Undermine or attempt to undermine this Policy, including advertising that makes direct statements about Manna Pro’s MAP Policy; or
- v. Otherwise violate the terms hereof.

b. **Not Violations:** It will not be a violation of this Program for resellers to:

- i. Advertise free shipping/installation/training/services of Covered Products, unless the advertisement specifies a monetary value for the activity which nets the Covered Product price below the applicable MAP;
- ii. Advertise financing terms available with the sale of Covered Products, unless the advertisement specifies a monetary value for the financing which nets the Covered Product price below the applicable MAP;
- iii. Participate in any Manna Pro-authorized promotion including but not limited to advertising below the applicable MAP, product bundles, and consumer rebates; or
- iv. Advertise “global offer(s),” *i.e.*, store-wide/department-wide sales or discounts (a dollar amount off or a percentage off) for ALL brands of a product type similar to the Covered Products even where the offer, when applied to the Covered Product, would result in a net price in the advertisement that is less than the applicable MAP.

4. Conventions

- a. **Bundling and Value-Added Offers:** All bundles must be advertised at or above the cumulative MAP of the Covered Products. If a Covered Product is bundled with a non-Manna Pro product, the advertised bundle price must be at or above the applicable MAP of the Covered Product plus the advertised price of the non-Manna Pro product, if advertised separately. If a Covered Product is bundled with a gift card or similar item with a specific dollar value, the advertised bundle price must be at or above the applicable MAP of the Covered Product, plus the advertised value of the other item. The advertisement cannot state or imply that the Covered Product is free or discounted below the applicable MAP in any way. Bundling should not be used to “camouflage” discount advertising of Covered Products below the applicable MAP.

5. Policy Violations

Consequences for violation(s) of this Policy, which may be imposed by Manna Pro in its sole discretion, are as follows:

- a. 1st Violation – Warning of MAP Violation, to be corrected immediately.
- b. 2st Violation – Account placed on hold for 30 days if violation is not corrected within 48 hours.
- c. 3nd Violation – Account placed on hold for 120 days.
- d. 4rd Violation – Account suspended from acquiring Manna Pro products and will be added to the unauthorized sellers list indefinitely.
- e. The following apply during any period of enforcement:
 - i. Removal of references or links to a reseller from Manna Pro websites;
 - ii. Forfeiture of any or all available advertising benefits; and
 - iii. Any additional actions Manna Pro deems necessary to enforce this Policy.

Consequences may be enforced directly or through distributors, as applicable.

6. Administration

- a. Manna Pro alone is responsible for enforcing this Policy and will do so unilaterally.
- b. Manna Pro’s designated MAP Policy Manager, Lindy Dunn, is the only person authorized by Manna Pro to communicate on MAP Policy matters. Manna Pro representatives, including Manna Pro Sales representatives, are strictly prohibited from seeking or accepting any assurance of account compliance with this Policy or discussing any conditions of its acceptance, as this Policy is non-negotiable and cannot be altered by any reseller. Manna Pro sales representatives are instructed to limit their activities to informing resellers of this MAP Policy’s existence, the

***CONFIDENTIAL AND
SUBJECT TO RULES OF PRIVILEGE***

- c. current list of the Covered Products, and Manna Pro's Minimum Advertised Prices for the Covered Products,
- d. Manna Pro will not communicate with any reseller regarding another reseller's advertising practices.
- e. Manna Pro does not entertain complaints from its resellers regarding another reseller's pricing practices.
- f. Manna Pro has the right to change MAP, alter or discontinue this Policy, and add or delete Covered Products at any time. Manna Pro also reserves the right to permit exceptions to MAP from time to time.

7. Not a Contract or Agreement

It is not the purpose or intent of this Policy to restrict, coerce, or force any reseller to charge a particular price for any Covered Product. The Policy is not a contract or agreement, nor an offer to form a contract or agreement. Manna Pro does not ask for, and will not accept, any agreement about a reseller's compliance with this Policy. This Policy simply describes the manner in which Manna Pro chooses, in its sole discretion, to sell its products. This Policy addresses advertised pricing only, and resellers must make their own decisions regarding what they will actually charge for the Covered Products.

MANNA PRO MINIMUM ADVERTISED PRICE POLICY

Frequently Asked Questions

How does Manna Pro's MAP Policy affect my actual price to consumers?

- This Policy does not affect your actual retail price. You are free to charge whatever retail price you and the customer negotiate.

Would advertising that states "Call for price" or "Too low to advertise" or promises to beat any advertised price be a violation of the Policy?

- No.

Would advertising that states "See shopping cart for price" violate the Policy?

- No.

What if an employee or media supplier makes a mistake that results in a violation?

- It is the dealer's and online retailer's responsibility to monitor its own advertising. Manna Pro will not differentiate between intentional and accidental violations when enforcing the Policy.

Does the MAP Policy apply to advertisements for closeouts, returned or "used" products?

- For returned or "used" products, no, as long as the product is clearly identified in the advertisement as a returned or "used" product. Any exceptions from the Policy for closeouts must be approved in advance by Manna Pro.
